

# MANAGEMENT & ADMINISTRATION

---

---

**Schutzhund Australia Inc.** is dedicated to the betterment of recognised FCI working dog breeds by providing assistance for the improving the development of breeders and handlers wishing to take advantage of our organization's infrastructure and facilities. Schutzhund Australia provides enthusiasts a formal framework to work within for activities patterned after those available as a matter of course to the sport dog community world-wide. Schutzhund Australia is foremost dedicated to the education of and the development of Dogsport / Schutzhund / VPG / IPO as the International Sport for Working Dogs, to developing handlers and dogs for competition, as well as supporting breed events, breed surveys and other breed activities intended to promote and preserve the necessary genetic vigour and characteristics of the working dog breeds.

Schutzhund Australia maintains a system of records for working titles styled on that of the SV e.V. Schutzhund Australia recommends breeders support hip and elbow schemes for working dogs. The Official Schutzhund Australia "*Rules for Trials*" are those adopted by FCI/VDH/SV, with Australian variances. Schutzhund Australia also provides the following services:

- Schutzhund Australia sanctioned Working Trials using only licensed Working Judges and licensed Helpers;
- Certification programme of Helpers and the issue of Helper Passports (passports are signed by the judge at the completion of each Trial);
- Judge's Certification Programme and annual Judge's College for the licensing as well as ongoing education of Schutzhund Australia Judges;
- Signed/stamped Certificates issued to successful trial entrants at the completion of each Trial;
- Score Books (for dogs are completed and signed by the Judge at the completion of each Trial);
- Sports Passes (for handlers are completed and signed by the Judge at the completion of each Trial);
- A national website with pages for State branches, as the official information source of the Organization;
- Official Schutzhund Australia Rulebook;
- Annual National Trial, State Championship Trials and clubs trials;
- Awards Programme - points are awarded for a handler's performance and these go towards Schutzhund Australia Sports Medals;
- Public Liability cover for all Schutzhund Australia members;
- DVD / CD national library.

Schutzhund Australia accepts working titles obtained in trials sponsored by other recognised Schutzhund organizations, for example the Verein fuer Deutsche Schaeferhunde (SV) in Germany, United Schutzhund Clubs of America (USCA) and other recognized Australian Schutzhund/IPO organisations. All scorebooks issued by Schutzhund Australia recognised organizations are accepted by Schutzhund Australia, as are titles awarded by accredited trial judges of recognized organisations.

Schutzhund Australia provides clubs with qualified Trial Judges for sanctioned events. The Schutzhund Australia Judge's Program trains and certifies Schutzhund Australia members as authorized judges and clubs may also schedule certified foreign Judges for events through Schutzhund Australia.

Schutzhund Australia allows one Full Member Chapter Club to represent each state, with New Zealand counting as a state branch, as well there being provision for additional non-voting affiliated clubs to host Schutzhund Australia events. Schutzhund Australia has a Board of Management and an Administrator of Records to oversee and direct the administrative operations of the organization.
